

DARK HORSE is playing lively country-musik, both old and new stuff. Songs from our own hands and some interpretations some other country-songwriters. We've got more than 5 hour's of music going from country-rock over classics and sweet ballads to bluegrass. And there's always a couple of new under preparation.

DARK HORSE uses several different solo-instruments, that, together with the very wide repertoire, gives the band lot of variety sound-wise. A lot of 3 or 4 part harmonies adds to that.

DARK HORSE is playing with a contagious enthusiasm, an are well known for creating a good atmosphere.
